Ninth Annual Report

Association.

1887.

Attractions at Charlevoix.

No resort in Northern Michigan offers attractions superior to those at Charlevoix. Although the engine's whistle and smoke do not yet disturb the peace of this sequestered spot, yet it is very easy of approach. The traveler, arriving weary and dust-enshrouded at Petoskey or Traverse City, can step on board one of the large Hannah, Lay & Co. steamers, or the graceful Friant, or the Lou Cummings, and enjoy the invigorating breezes of Lake Michigan, with nothing to remind him of the fatigue he has lately endured.

To one approaching the town of Charlevoix, an air of quiet is one of the most noticeable features. The noiseless glide of the steamer as she enters the village by its liquid highway, and the lazy swing of the draw-bridge, suggest a quiet sought in vain at some more fashionable resorts. And then the absence of the vociferous cab-men, fruit and news venders, boot-blacks and organ-grinders, confirm the impression that at last Elysium has been discovered.

However let no one suppose that Charlevoix is a "dead town," which can offer no attractions to the summer tourist. Its society comprises the representative families from all parts of Michigan and many of the principal cities of Ohio and Illinois. Many who are accustomed to spend the winter months in the Sunny South or Far West, most gladly turn their faces toward their cottages at Charlevoix with the return of summer's heat.

In another respect Charlevoix is surpassed by no northern resort; namely in its boating facilities. The waters of Round and Pine Lakes bathe the shores of the Resort grounds and offer a safe sporting place for children and those who wish to row or sail for pleasure; while the unbroken swell or tossing white-caps of Lake Michigan are within easy reach of those more skilled in the use of the oar and helm.

Again, Charlevoix is by no means behind her sister resorts in the inducements she can offer to those who love to sport with the finny tribe. The Jordan—a name well known to northern fishermen—is but a two hours ride by steamer from Charlevoix, at the opposite end of Pine Lake. Boats can be procured at Charlevoix, and guides who will pole the sportsman up the Jordan as far as he may wish to go. There he may find good accommodations for a night or longer, and by day have nothing to do but sit in his boat and "land" the "speckled beauties." Or several smaller streams are found nearer to the Resort grounds, where the timid trout may be taken by the skillful angler.

In a word, rest and recreation, social enjoyments, rowing, sailing and fishing are but part of the attractions which Charlevoix can offer to the prospective traveler.

"New Belvedere."

One of the chief attractions at Charlevoix, for 1887, will be the new Club House, of which more will be said in the following pages. The members of the Association are to be congratulated upon the fact that this long-felt want is now supplied.

However the attractions of Charlevoix need not to be recounted to the members of our Association. The fact that we look forward eagerly to each opening season is sufficient proof of the magnetic influence of the Resort over us. We would not look elsewhere if we could. But it is with the wish that many of our friends may join the charmed circle, that we have given this enumeration.

In closing, your Secretary desires to acknowledge his indebtedness to his predecessor, Mr. George E. Bardeen, for many valuable suggestions; to Mr. Edward F. Parmelee, of the *Sentinel*, for his kindly aid in gathering materials for this book; and to all the members of the Resort for the consideration they have shown to a novice.

Very respectfully yours,

Call for Annual Meeting.

The annual meeting of the CHARLEVOIX SUMMER RESORT ASSOCIATION will be held in Music Hall, on the grounds of the Charlevoix Summer Resort at nine o'clock a. m., Tuesday, July 19th, 1887, for the election of officers and directors, and for the transaction of any other business that may come before the meeting.

The new hotel has filled one aching void upon our grounds, but others remain. Attractive as our Resort is, we can make it more so. The proceeds of one or two entertainments in Music Hall are in the hands of the Treasurer, to be applied when a sufficient amount has been secured toward the improvement of one of our parks. We are glad to hear that steps have already been taken towards placing stationary lamps at the approaches to our terrace steps, and that a needed addition will be made to Music Hall. Cannot some action be taken at the annual meeting, with a view to the further improvement of the south half of our grounds. These lots should be cleared up and made more accessible, if we expect to find purchasers for them.

The reports of the Hotel and Building Committees will be awaited with unusual interest this year. These Committees have both had their hands full the past year in the planning and construction of the new hotel and providing for its management. We can all see how faithfully their work has been done. And since they receive and wish no other compensation, let us show by a large attendance at the annual meeting our appreciation of their services in our behalf.

F. D. HASKELL,
 Sec'y C. S. R.

KALAMAZOO, May 18, 1887.

Abstract of Report of Directors.

As the question of the permanency of our leases is one of interest to every lot holder, we subjoin the following outline of the report of the Directors on the "Legal Rights of Lease Holders," as rendered at the last annual meeting:

1. Any corporation in this State, whose existence is limited by the law under which it was organized, can renew its life by a simple vote of its members, and by complying with the same forms of law as when it became a corporation,—each stockholder being entitled to one vote only.

2. Many organizations are restricted by the terms under which they are incorporated, to an existence of thirty years, with liberty to renew their existence.

3. Many other organization are *not* thus restricted. The Charelevoix Summer Resort was incorporated under the provisions of Act. No. 122, of the year 1877, which places *no limitation* as to continued existence in the Associations which it incorporates.

4. We find in the laws relating to corporations in general, nothing which limits the existence of our Association, except that the State reserves to itself the right to annul our charter and dissolve our Association for cause. If, however, any provision of the constitution or any statutes of the State limit our existence to thirty years, it remains in the power of the majority of stockholders and lot holders to renew our charter.

5. Our Association can secure its own dissolution only by an appeal to some court of equity upon the vote of a majority of the Directors. The application for a hearing must be made at least three months before it can be granted, and a notice of the hearing with the reasons therefor must be published. After a due hearing, if the court finds that the dissolution will be beneficial to the stockholders, and not injurious to the public, a decree for dissolution must be granted.

In view of these facts we conclude that no lease holder can suffer from the danger of the dissolution of this Association.

If any lease holder desires any futher security, we recommend that on the payment of fifty dollars for each lot, a bond for a deed be given to any lot holder, the bond to be signed by the President and Secretary of the Association, and the deed to be delivered on the dissolution of the corporation.

All of which is respectfully submitted.

Rail Road Accommodations for 1887.

In response to many inquiries already made, and in anticipation of many others, the Secretary begs leave to make the following statements:

The Grand Rapids & Indiana Rail Road Company, the Detroit, Lansing & Northern Co., and the Michigan Central Co., have granted the customary half-fare rate to members of our Association who live within the State. As to the place of residence they make the following express statement: "We are unable to extend the reduced rate to members residing outside of the State, as the business would come under the Inter-State Law, and we do not think its provisions will allow it. Tourist rates will, however, be in effect, open to all applicants, at all points on our line, which your members outside of the State can take advantage of. These rates are about one and one-third fare."

These roads will sell round trip tickets for one fare to members of our Resort, residing within the State, upon proper certificates, which may be obtained of the Secretary.

The above roads are the only ones which have thus far notified us that they would allow the customary rates to members of our Association.

Should any of our members be contemplating a lake trip for the summer, or be mentally adjusting the inequalities of the Inter-State Law, we take pleasure in directing their attention to the advertisements in the following pages of the two leading steamboat lines on the lakes. To those who would enjoy a water route, nothing could be more tempting than a trip to Macinac from Cleveland, Toledo, Detroit or Chicago, by one of these lines.

To those of our friends who are denied the customary railway accommodations, we commend this more comfortable way of reaching Charlevoix. The best of accommodations will be found on board these palace steamers.

The New Belvedere.

The Charlevoix Summer Resort now has a hotel of which it may well be proud. It contains about forty rooms, or twenty suits. These rooms may be used separately or thrown together. Double piazzas extend across the two wings of the house, both in front and rear, and each room has a door opening upon the piazza. There is little choice in the rooms, except as one may prefer the first or second story, as all the rooms are equally desirable. The rooms are good size, have high ceilings, good ventilation, are all plastered and furnished new throughout. Much pains has been taken by our hotel building committee to make these rooms attractive as well as comfortable. Such carpets and furniture have been selected as would make the rooms both bright and home like. Persons who desire may have fires in their rooms.

The office and parlor will be especially appreciated by those who like to have a cheerful place for a social chat. We are sure that those who stop at the Club House will not now have so frequent occasion to envy those who are snugly housed in cottages.

Furthermore, we are sure that the "inner" man will find no less cause for delight in the Club House. Its dining hall, with a seating capacity of three hundred, will be under the supervision of an expert in the art of gratifying the human taste.

With a new house, new furniture, and a close attention to the comfort of guests on the part of the hotel management, we predict a most enjoyable season to those who stop at the new hotel.

RATES.

Board and rooms will be furnished at the Club House for \$2.00 and 2.50 per day, according to room, with a special rate to members for table board.

Table board, by the week, \$6.00. Special rates to children under 10 years of age.

NOTE.—[The Secretary regrets that this book does not contain a cut of the hotel. After two unsuccessful attempts to get a good picture of the building, it was reluctantly decided to postpone the purchase of a plate until the building was entirely finished; believing that the members of the Association would prefer to wait a little longer, if by so doing they could procure a cut which would always be satisfactory.]

A charge of \$5.00 for the season, payable in advance, will be made to those who wish to use the piano for practicing. Address the Secretary.

The Treasurer holds the net receipts of the "Broom Drill" of 1883.—\$37.55, as a foundation of a fund for the proposed Pavilion on Promotory Point, or on site of old ice house. Will not some please make it their special object to increase this fund until the Pavilion is built.

It is hoped that the members of the Entertainment Committee are planning an unusual round of amusements for 1887.

All Members Should Remember

THAT the Annual Meeting of this Association occurs at Charlevoix on the third Tuesday in July of each year.

THAT the Railroad Resort Order Tickets must be signed by each holder *in the presence* of the local Ticket Agent.

THAT these Resort Annuals cost too much to be scattered here and there where they will do no good; but that they may benefit the Resort greatly if wisely distributed.

THAT a Membership Fee of Ten Dollars is now required of each applicant for membership in this Association, and that the holding of stock no longer constitutes membership.

The Secretary's What-Not.

It you go to Charlevoix and have no cottage, do not fail to stop at the New Belvedere.

If you can possibly be present, do not miss the Annual Resort Meeting at Music Hall, July 19.

Do not regard the payment of Charlevoix taxes as optional.

Do not destroy this book.

Do not overlook the instructions on the back cover of the Railroad Order Book.

Do not neglect to notify the Secretary that you want a Railroad Order Book until the day you wish to start north.

The house will be *connected by telephone* with Charlevoix, and with railroad and steamboat offices at Petoskey and Traverse City.
