Outdoor and Indoor Amusements
Quick and Convenient Boat and
Rail Service from all Points
Pure Air and Water
Reasonable Rates

Address R. P. FOLEY, Manager, *Charlevoix, Mich.*

OF the many beautiful spots in the great Northwest to which the inhabitants of the larger cities and towns, located in the warmer portions of the country, go every year for health and recreation, none is more beautiful or possesses a more ideal location than Charlevoix, Michigan. On the east shore near the foot of Lake Michigan, easy of access from all directions by rail and water, with Round Lake within the village limits and Pine Lake on the east, its boating and bathing facilities, good air and picturesque scenery cannot be surpassed. Charlevoix has about 2,500 inhabitants, is progressive, has good schools, churches of nearly every denomination, enterprising merchants in all lines and several excellent physicians. Its growing popularity with the summer tourist is the best testimonial of its attractiveness, and of the new people visiting it every year many become permanent summer residents. The number of beautiful homes on the bluffs and along the shores of the lakes is being increased every year and the owners with their families here find health, rest and enjoyment, some remaining for six months.

For those desiring hotel accommodations the BELVEDERE offers many advantages over the average summer hotel.

The
Belvedere

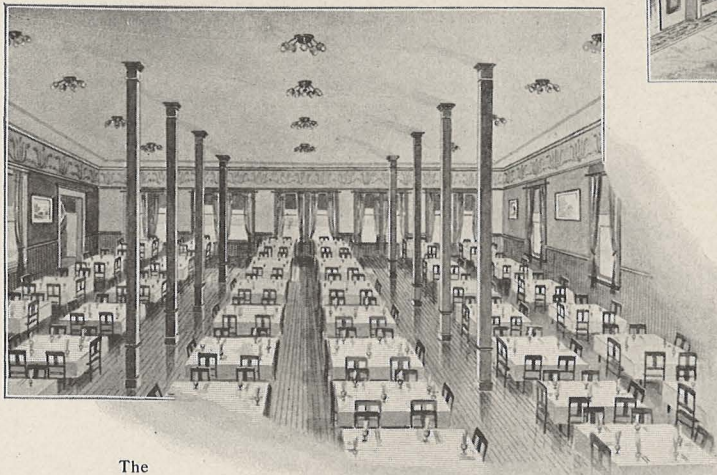

The Belvedere
Annex

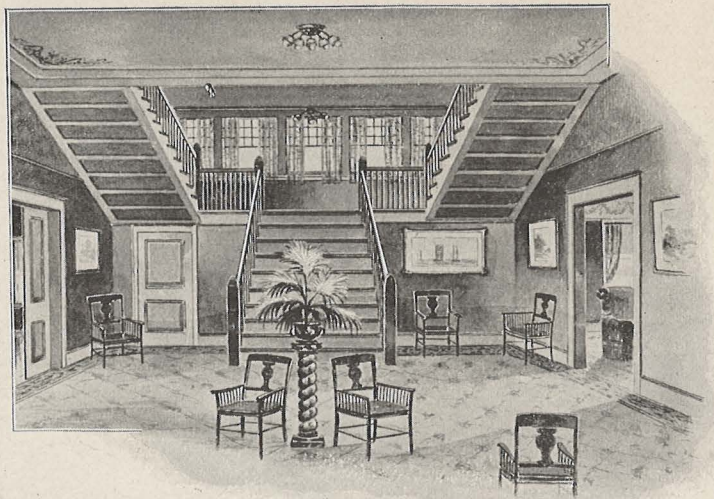

HE BELVEDERE is now one of the most complete and comfortable summer hotels in the country. Many rooms, with private baths attached, a number of bath rooms added to the old part, a fine large play room for the children in a separate building, but connected by a covered passageway to the main building and heated by steam for cool weather, a handsome large ball room, an enlarged office, a steam plant for heating the building and a quantity of new furnishings are among the recent improvements.

THE BELVEDERE HOTEL is beautifully located upon a point of ground between Round and Pine Lakes, overlooking both. It is now a modern house in every respect, is an ideal summer home for families and is an especially desirable resort for young people. The BELVEDERE is surrounded by nearly one hundred cottages, all owned by members of the Charlevoix Summer Home Association.

A glance at the list of members, elsewhere in this booklet, will show the class of people of which the Association is composed. The moral tone of the resort is beyond question, and there is nothing about the hotel or grounds to which the most particular parent could take exception.

The
Diningroom

Main
Stairway

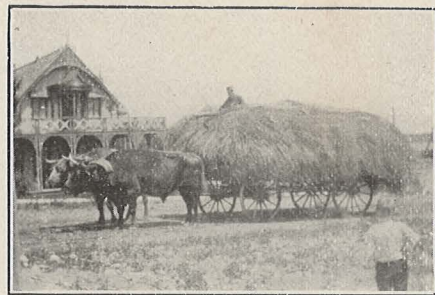

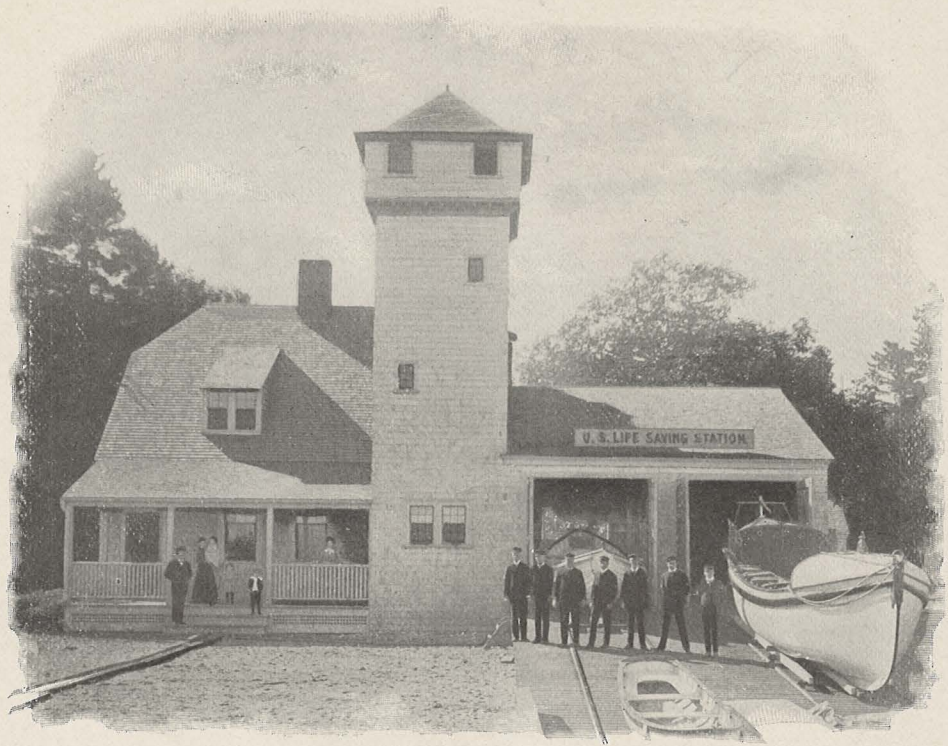

THE BELVEDERE TABLE is supplied with the best of everything, and the cuisine is unexcelled. A specialty is made of the famous Mackinaw Trout, Beaver Island Whitefish and other fish that are taken from the waters here at their best.

Sailing, rowing, golf, tennis and bathing are among the outdoor amusements that may be enjoyed here to the fullest. Dancing, cards, frequent entertainments of various kinds and daily concerts by an excellent orchestra help to pass the time indoors.

The attendance at these parties and entertainments is limited to the guests of the Belvedere, the cottagers upon the grounds and invited guests.

The surrounding country is full of excellent trout streams and numerous pretty inland lakes containing bass, pickerel and pike, so that the angler may here enjoy himself to his heart's content. Reliable guides who will furnish rigs, boats, tackle and bait may be had at reasonable rates.

Beautiful drives and walks through the grounds and neighboring country in all directions may be enjoyed by those desiring open air exercise of this kind.

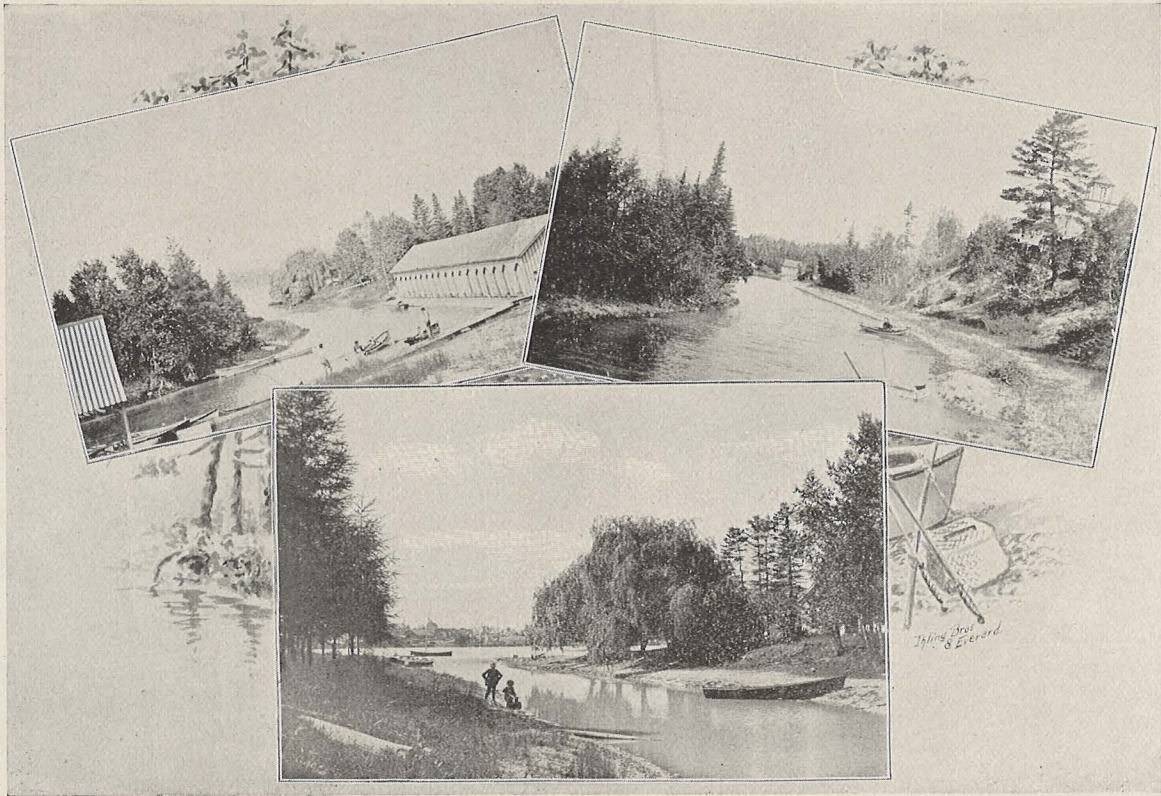

THE Life Saving Station here is as important as any on the lakes. The crew consists of seven men in charge of Captain F. Fountain. Although the station has been established but three years, several lives have already been saved and much daring and bravery shown by the officer and men. Frequent drills during the season, in which the crew go out in the lake in their large lifeboat, which they capsize, right again and climb back in and perform many other difficult and daring acts, are of great interest.

Hay fever sufferers will find instant and permanent relief here. With Round Lake on the north, Pine Lake on the east and Lake Michigan on the west, the dreaded "off-land breeze" is here practically unknown.

Those preferring cottage life and desiring to rent or purchase will be given full information regarding places for rent and for sale by addressing the warden, Mr. W. H. Miller, Charlevoix, Mich. A few choice building sites are yet to be had.

John G. & Edward

THE WATER Supply here is particularly good, and too much cannot be said in its praise. It is drawn from three wells upon the grounds and analysis shows it to be as nearly pure as it is possible for water to be. No fear need be had from a "change of water" here as no harmful effects are felt from its unstinted use by the most delicate.

ALMA, MICHIGAN, April 27, 1904.

TO WHOM IT MAY CONCERN:

I have analyzed a sample of water from the wells upon the grounds of the Charlevoix Summer Home Association, Charlevoix, Michigan, and find that it comes within the limits of the "Michigan Standard of Purity of Drinking Water" as specified by the Michigan State Laboratory of Hygiene. The water contains practically no organic matter, and all tests show it to be an excellent drinking water.

FRANCIS E. WEST, M. S.,

Professor of Chemistry.

ALMA COLLEGE,

Alma, Michigan.

Jordan River

BELVEDERE STATION

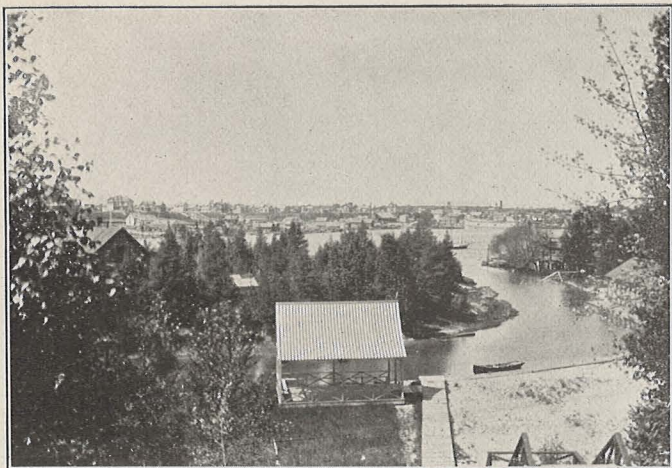

THE BELVEDERE is easily reached from all directions by both rail and water. Belvedere Station is within a few hundred feet of the hotel. Tickets by rail should be purchased for and baggage checked to Belvedere, *not Charlevoix*. To insure the prompt delivery of baggage, checks should be brought to the Belvedere office.

All questions regarding rates and accommodations will be cheerfully and promptly answered by addressing
