# BELVEDERE

## CHARLEVOIX

# BELVEDERE HOTEL

CHARLEVOIX, MICH.

Open from June Ten to October Ten  
Special Rates to Families for the Season

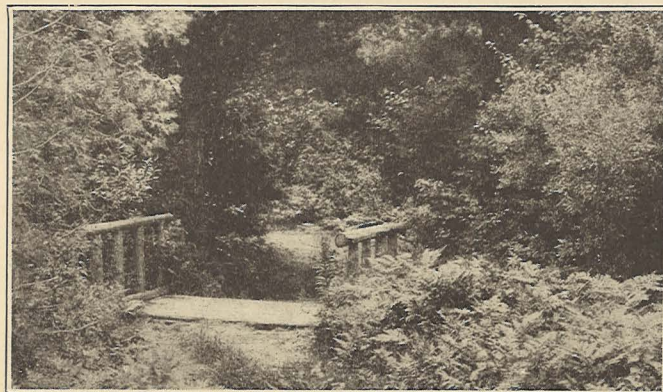

Address R. P. FOLEY, Manager  
Charlevoix, Mich.

Some of the cottages shown in this booklet are for sale or rent.  
Particulars may be obtained by addressing W. H. Miller,  
Warden, Charlevoix, Mich.

IHLING BROS. & EVERARD  
PRINTERS AND BINDERS  
KALAMAZOO, MICHIGAN

OF the many beautiful spots in the great Northwest to which the inhabitants of the larger cities and towns, located in the warmer portions of the country, go every year for health and recreation, none is more beautiful or possesses a more ideal location than Charlevoix, Michigan. On the east shore near the foot of Lake Michigan, easy of access from all directions by rail and water, with Round Lake within the village limits and Pine Lake on the east, its boating and bathing facilities, good air and picturesque scenery can not be surpassed. Charlevoix has about 2,500 inhabitants,

is progressive, has good schools, churches of nearly every denomination, enterprising merchants in all lines and several excellent physicians. Its growing popularity with the summer tourist is the best testimonial of its attractiveness, and of

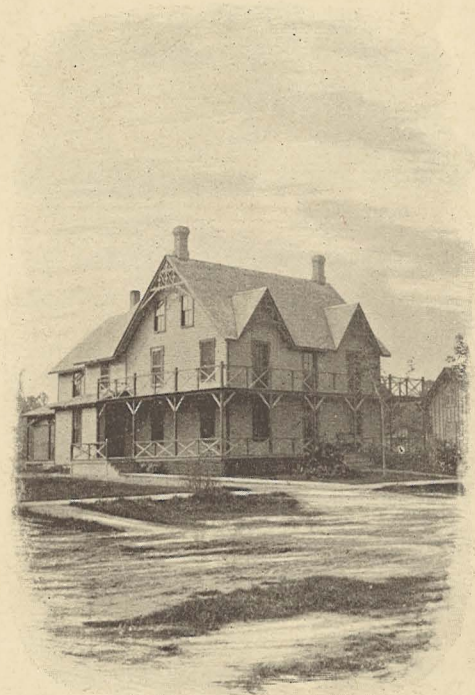

the new people visiting it every year many become permanent summer residents. The number of beautiful homes on the bluffs and along the shores of the lakes is being increased every year, and the owners with their families here find health, rest and enjoyment, some remaining for six months.

For those desiring accommodations the BELVEDERE offers many advantages over the average summer hotel.

Entrance to the Grounds

THE BELVEDERE is now one of the most complete and comfortable summer hotels in the country. Many rooms, with private baths attached, number of bath rooms added to the old part, a fine large play room for the children in a separate building, but connected by a covered passageway to

The Annex

the main building and heated by steam for cool weather, a handsome large ball room, an enlarged office, a steam plant for heating the building and a quantity of new furnishings are among the recent improvements.

THE BELVEDERE HOTEL is beautifully located upon a point of ground between Round and Pine Lakes, overlooking both. It is now a modern house in every respect, is an ideal

summer home for families and is an especially desirable resort for young people. The BELVEDERE is sur-

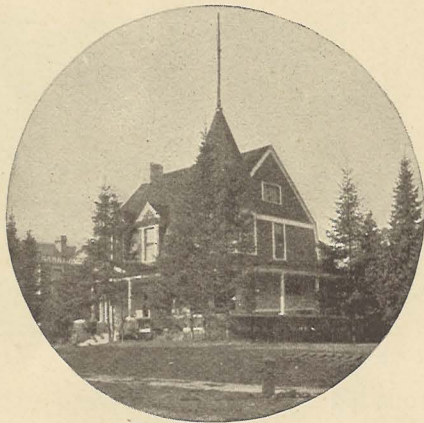

rounded by nearly one hundred cottages, all owned by members of the Charlevoix Summer Home Association.

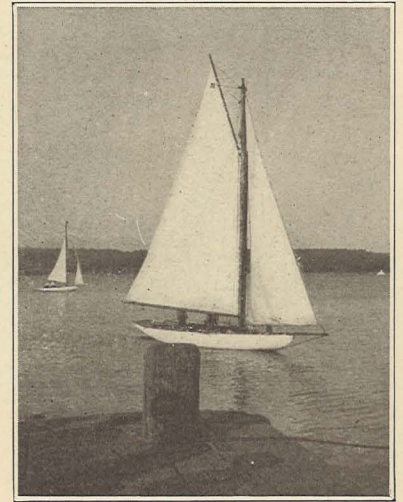

A glance at the list of members, elsewhere in this booklet, will show the class of people of which the Association is composed. The moral tone of the resort is beyond question, and there is nothing about the hotel or grounds to which the most particular parent could take exception.

THE BELVEDERE TABLE is supplied with the best of everything, and the cuisine is unexcelled. A specialty is made of the famous Mackinaw Trout, Beaver

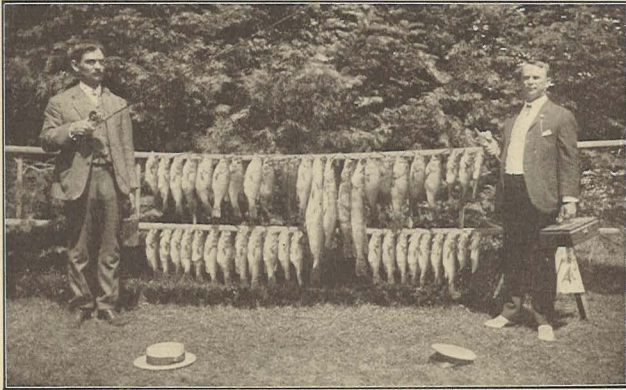

Island Whitefish, and other fish that are taken from the waters here at their best.

Sailing, rowing, golf, tennis and bathing are among the outdoor amusements that may be enjoyed here to the fullest. Dancing, cards, frequent entertainments of various

kinds and daily concerts by an excellent orchestra help to pass the time indoors.

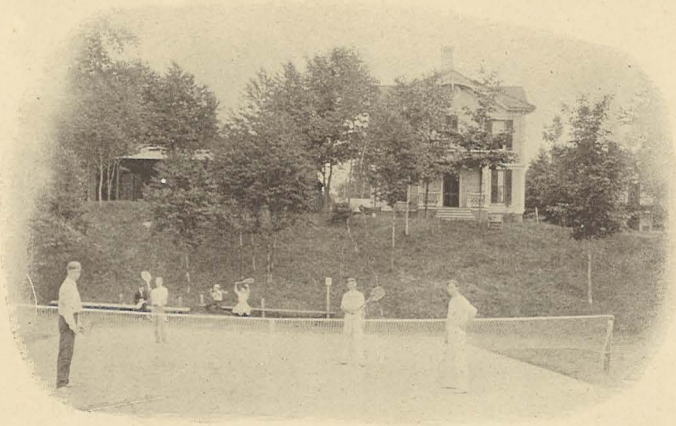

The attendance at these parties and entertainments is limited to the guests of the Belvedere, the cottagers upon the grounds and invited guests.

The surrounding country is full of excellent trout streams and numerous pretty inland lakes containing bass, pickerel and pike, so that the angler may here enjoy himself to his heart's content. Reliable guides who will furnish rigs, boats, tackle and bait may be had at reasonable rates.

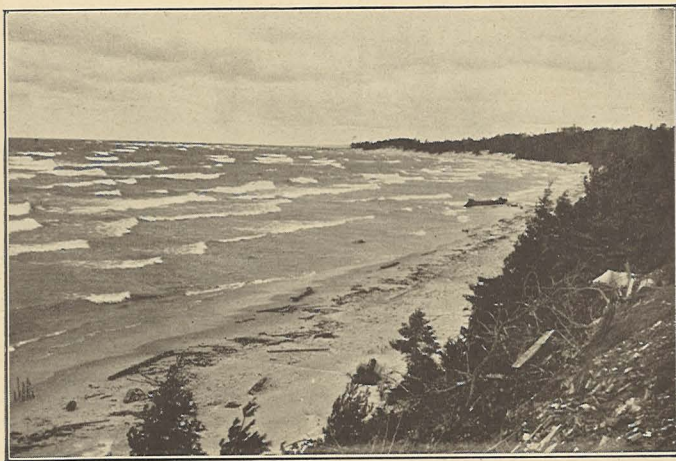

## The Belvedere Water Supply

The Association has its own independent water plant, consisting of three deep artesian wells, engines and pumps, capable of furnishing two hundred gallons per minute, with which to supply the Belvedere and cottages with pure water. The fine quality of the water is beyond question, as the following analysis made by Francis E. West, M. S., Professor of Chemistry at Alma College, Alma, Mich., one of the most prominent chemists of the state will show :

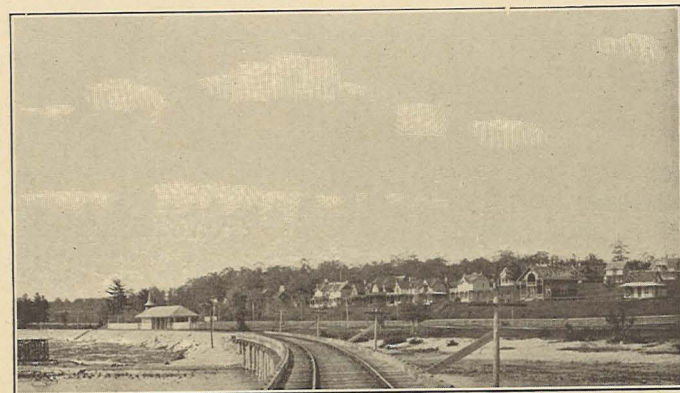

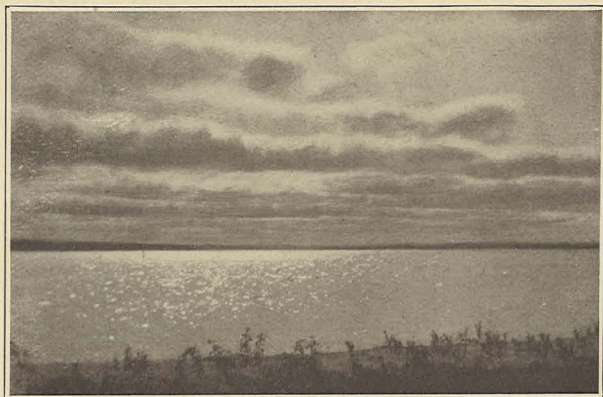

I have analyzed a sample of water from a well at the Belvedere Hotel, Charlevoix, Mich., with the following results:

Odor .....	None
Taste .....	Good
Color .....	None, Clear
Total Solids.....	324.000 parts per million
Volatile Matter.....	.020 " " "
Free Ammonia.....	.010 " " "
Albuminoid Ammonia.....	.008 " " "
Chlorine .....	3.000 " " "
Nitrogen as Nitrate.....	.089 " " "

I should consider the water from this well excellent for drinking.

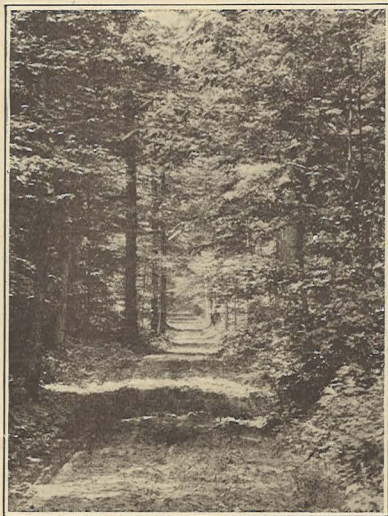

FRANCIS E. WEST, *Professor of Chemistry.*  
 Chemical Laboratory, Alma College, April 26, 1905.

As the Michigan standard of purity allows five hundred parts per million, of solids, this water is very much better than the State Standard, and a purer natural water would be hard to obtain. No fear need be felt from its unstinted use.

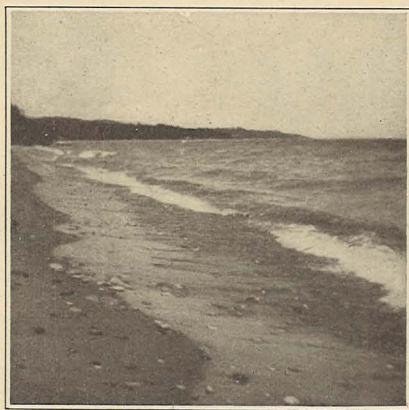

Hay fever sufferers will find instant and permanent relief here. With Round Lake on the north, Pine Lake on the east and Lake Michigan on the west, the dreaded "off-land breeze" is here practically unknown.

## Belvedere Station

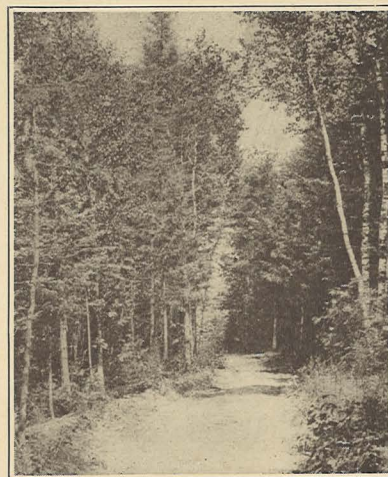

THE BELVEDERE is easily reached from all directions by both rail and water. Belvedere Station (Pere Marquette R. R.) is within a few hundred feet of the hotel. Tickets by rail should be purchased for and baggage checked to Belvedere, *not Charlevoix*. To insure the prompt delivery of baggage, checks should be brought to the Belvedere office.

All questions regarding rates and accommodations will be cheerfully and promptly answered by addressing—

R. P. FOLEY, Manager,  
Charlevoix, Mich.

THE LIFE SAVING STATION here is as important as any on the lakes. The crew consists of seven men in charge of Captain F. Fountain. Although the station has been established but six years, several lives have already been saved and much daring and bravery shown by the officer and men. Frequent drills

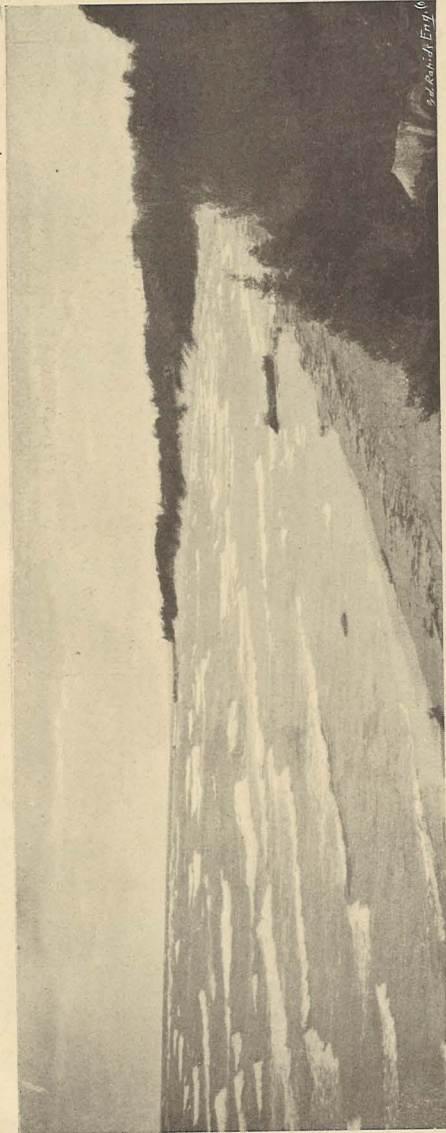

during the season, in which the crew go out on the lake in their large lifeboat, which they capsize, right again and climb back in, and perform many other difficult and daring acts, are of great interest.

BEAUTIFUL DRIVES and walks through the grounds and neighboring country in all directions may be enjoyed by those desiring open-air exercise of this kind.

## LIST OF COTTAGE OWNERS

THE SEMINOLE INN is a comfortably furnished and well-equipped winter hotel, with pleasant rooms, with and without bath attached, steam heat, electric lights and bells. White service throughout the house. The hotel stands in the midst of an orange grove upon the banks of Lake Osceola. Excellent boating and fishing. Winter Park is, without doubt, the prettiest spot in Florida, and is noted for its excellent drives and general healthfulness. For full information address
