

BELVEDERE CLUB 2019 ARCHITECTURAL INVENTORY

Site: 31

Historic Name N/A

Year Built c. 1890

Architectural Style Shingle Style

The two-story cottage is unique in the club in that the first floor is constructed of logs, and the upper story is clad in shingles. The shingles and massing, including the gable front with two diamond pane windows and cross gables are indicative of the Shingle style. The log first floor makes this an unusual adaptation of the style.

Significant Features

- Log first floor with shingle siding at second floor.
- Full width front porch with log supports and brackets.
- Diamond pane and four-over-four windows – various locations.
- Large gable front and cross gables and gable dormers.

Condition

The cottage is in good repair no issues are apparent.
